Woods Academy's  
Gifted Mission  
Statement:

To provide a program with activities that enables students to operate cognitively and affectively at complex levels. The program will provide opportunities for development of problem solving, critical thinking, and awareness of technology information.

Identification Process:

The identification criteria is determined by the top 10% of the three qualifying identifiers: Benchmark Assessment, ISAT, STEPS, BAS and Teacher Recommendation.

Procedures Entrance  
Criteria:

To enter the Comprehensive Gifted Program, students must meet the identification criteria. This includes New and transferring students.
